ANNUAL REPORT OF THE BOARD OF MANAGERS

*To the Honorable President and Members
of the Board of Public Charities of Pennsylvania.*

GENTLEMEN:—

The Managers of the Dixmont Hospital for the Insane have the honor to present to you their report of the operations of the Institution for the year ending September 30th, 1915. Included in this report are the detailed reports of the Superintendent, Treasurer and other officers, showing what was accomplished during the year and the financial affairs of the Hospital.

Under the guidance of the Executive Committee the interests of the Hospital have been carefully safeguarded. By their frequent visits to the Institution they have kept themselves informed in regard to its detail management. The Institution has been conducted economically—upon strict business methods and the managers at all times have acted in thorough harmony with the officers in maintaining the highest standards of efficiency as well as affording the patients the greatest degree of happiness and contentment.

The general health of the entire household has been good and we have been spared serious illness and those accidents and many annoyances incident to overcrowded conditions. The home life of our patients has been made comfortable and attractive and they have been given every freedom and privilege consistent with good order and discipline. The report of the Superintendent will show to what extent the patients were engaged in some useful and congenial occupation.

During the year the work of fire-proofing the main hospital building, reference to which was made in the report for last year, was completed. By this improvement our greatest danger has been largely overcome and the feeling of security from an ever present calamity is fully recognized by the Managers. The new building for the housing of the tuberculous women patients, also referred to in last year's report, is almost finished. This building quite complies with modern ideas in caring for this disease, is substantially constructed

and has an ideal location. The usual betterments and repairs to the buildings were made, the grounds and farm lands also kept in order.

In closing this report the Board of Managers again make acknowledgment of the supervision over the affairs of the Hospital by the members of the Executive Committee and also recognize the service of all officers and employees who have labored with them in promoting the highest aims of the Hospital.

Respectfully submitted,
D. A. REED,
President.

Pittsburgh, Pa.

September 30, 1915.

REPORT OF PHYSICIAN
AND SUPERINTENDENT

REPORT OF THE PHYSICIAN AND SUPERINTENDENT

To the President and Board of Managers:

GENTLEMEN:

I have the honor to present to you the annual report of the Hospital for the year ending September 30th, 1915.

The report includes a general review of the actual medical work, the statistical tables showing the movement of the population, as well as many interesting details regarding the conditions of those cared for. The reports of the individual departments showing, as they do, the work there accomplished also a summary of the industrial work and its estimated therapeutic as well as economic value in the care of these patients.

The year has been a busy one and while very much has been accomplished in promoting the welfare and happiness of those entrusted to our charge, the enlarging the usefulness of the Hospital, as also the preservation and care of its physical conditions, but little progress was actually made in solving the many problems in the attainment of a larger percentage of recoveries in the individual cases and forms of disease.

There were admitted during the year one hundred and seventy-five (175) patients, making the total number under treatment for the period eleven hundred and fifty-six (1156), an excess of thirty-two (32) in number over the previous year. The number remaining in the house at the close of the year was nine hundred and ninety-two (992) patients. The daily average during the year was nine hundred and eighty-five (985), the highest number in the house, upon any one day, was nine hundred and ninety-eight (998), while the lowest number in the house, upon any one day, was nine hundred and seventy-three (973). Twenty-five (25) patients were discharged from the care of the Hospital as recovered, fifty-two (52) were returned to their homes greatly improved in bodily and mental health. The provision of the Lunacy Law permitting the parole of patients whose condition has improved, was granted in a number of instances and the patient allowed to return home, the family assuming all responsibility. Such

a procedure, while not without risk or danger, shortens the patient's residence in the Hospital and in some instances hastens recovery. Four (4) patients were discharged as unimproved and eighty-three (83) died. As in former years the prevailing causes of death were those attributable to the various chronic forms of disease, arterio-sclerotic conditions and senility. Of this number sixteen (16) patients were paretics, eight (8) deaths resulted from apoplexy, five (5) patients died from pneumonia and in seventeen (17) patients death was the result of some form of tubercular disease. Many of these patients were aged and feeble and had been residents of the Hospital many years. The number of deaths from tubercular disease is somewhat less than for the preceding year. The prompt isolation and removal from our crowded wards of all suspected cases and the placing of them in cottages particularly designed for their care adds very greatly to their comfort and prolongation of life. The new building for the care of women patients suffering with tubercular disease and referred to in the last annual report is now practically finished. It has a capacity of fifty beds and from its porches commands a beautiful view the entire year.

Upon two occasions it became necessary for the Coroner to visit the Hospital and make inquiry into the death of two male patients. An aged and demented patient, while out walking upon the grounds, wandered off from the attendants and his body was found in the reservoir. In the second instance death was clearly the result of suicidal impulse. This patient, with a number of others and their attendants, had visited the City attending a ball game. While waiting at the station for a train home the young man suddenly threw himself in front of a passing engine and was ground to pieces. Neither of these patients were thought to be suicidal. After a careful investigation and learning all the facts concerning their death, the Hospital and employes were exonerated from all blame or censure. Reports of these accidents were made to the Committee on Lunacy as required by law.

During the year twenty-nine (29) autopsies were held; in a number of cases the findings were most interesting. Following the usual custom, these examinations were conducted in the laboratory department, the record of each case carefully recorded and specimens disclosing pathological conditions of

value, carefully prepared and added to the Hospital museum. The report of the laboratory department, prepared by the Pathologist, is appended to this report.

The excellent condition of health throughout the year of patients and employees has been a source of gratification to all those directly responsible for the general welfare and comfort of our large household. And, while our wards have been crowded far beyond their normal capacity, we have been spared, in large measure, the many annoyances and even dangers which are so possible by reason of the conditions that prevail in this Institution. That we have been so fortunate is again attributable to the earnest thought and supervision exercised over their daily lives, their outdoor life and the engaging of so large a percentage of our population in some useful and selected diversional occupation. The same supervision has been observed in providing them health giving amusement and entertainment.

During the pleasant seasons of the year a large number of patients were interested in outdoor work upon the farm, in the care of the lawns, driveways, helping the florist, while others were employed in the various improvements upon the grounds and buildings. Quite a number of men were engaged in industrial work, in the making of clothing, carpet weaving, rug making and basketry. A large number of women were employed each day in the laundry department, in the sewing room and in the Arts and Crafts room. In this latter department a number of women are pleasantly employed under the direction of a competent teacher and their beautiful work is one of the pleasant features of Dixmont. The good resulting from the systematic method of employment, even though trivial in its demands upon the mental resources of some, is amply shown in the improved conditions of so many, the restoration to health of others and the quiet and contentment, it may be said, of the entire household. Associated with employment as a therapeutic agent in caring for these people are those means suggested for their amusement.

In the summer months many of the patients, particularly those unoccupied, enjoyed the privileges of the grounds. Many, with their attendants, were permitted to visit the City for the purpose of shopping, others were taken trolley rides and on

Main Driveway.

Saturday afternoons large numbers of patients and employees attended the ball games. Following the custom of years the holidays throughout the year were observed in an appropriate manner.

Church services were held regularly in our chapel Sunday afternoons, the exercises being plain and readily understood by most of those present. This service is largely attended by patients and employees, and looked forward to by those accustomed to the observance of religious duty at home.

The Hospital is comfortable and homelike in its character, the wards are well furnished, indoor games are provided, also an abundance of journals, magazines and news papers for those who enjoy reading. During the winter months there were several beautiful entertainments and many evenings passed pleasantly in attendance upon the usual parties.

The medical work of the Hospital has not differed materially from that of former years. Each case as soon after admission as possible is subjected to a thorough mental and physical examination and thereafter so far as possible patients are given such personal and individual attention as their condition requires. There have been but few accidents or cases of illness necessitating the services of the consulting surgeon. The laboratory, as an aid to the medical work, is most satisfactory and of greatest value.

On the evening of June 10th, 1915, the graduating exercises of our Training School for Nurses took place in our chapel, diplomas were awarded by the President of the Board of Managers to six young women; the address of the evening was made by Dr. DeWitt B. Nettleton. It is gratifying to note the term of service required in the general hospitals with which this school affiliates has been extended to twelve months, also the enthusiasm and deep interest shown by the nurses in this course of instruction.

The report of the farm shows this department to be in good condition. There was an abundant yield of choicest vegetables and fruits of all kinds. The farm also presented throughout the summer a beautiful appearance. The roads were improved, fences repaired and all out buildings and farm equipment kept in order. Very much of the work upon the farm, gardening and work of the dairy is performed by patient labor, with very considerable saving to the Hospital.

The work of the mechanical department is much the same as the preceding year. Aside from the many minor improvements and necessary repairs there were no important changes or new equipment purchased.

Additional information regarding the management and expenditures of the Institution may be gained by referring to the individual reports of the various departments, which are appended to this report.

During the year the Hospital sustained the loss of Mr. James H. Mann, whose death occurred December 8th, 1914. For more than twenty years Mr. Mann had filled most acceptably the position of Purchasing Agent of the Hospital. His kind and gentle disposition, his fairness and beautiful christian character endeared him to those with whom he came in contact and his death was deeply felt by all. The position thus made vacant has been filled by the appointment of Mr. James L. Moore.

My associates upon the Medical Staff remain the same as last year, and again I would renew my expression of appreciation of their loyalty, their efficiency and the good work they have accomplished. I also thank the other officers and employees whose faithful co-operation has promoted the best interests of the Hospital.

To the members of your Board and more particularly the gentlemen of the Executive Committee am I indebted for your assistance, counsel and encouragement in sharing the responsibilities and in solving the many problems that arise in the management of a large institution.

Respectfully submitted,

HENRY A. HUTCHINSON,
Superintendent.

Dixmont, Pa.,
September 30th, 1915.

ACKNOWLEDGMENTS

Upon the part of our patients we thank the editors of the various county papers for copies of their paper sent regularly to the Hospital.

From the Church Periodical Society of Sewickley, Mr. Bromilow, Mrs. Schenck, Mrs. E. M. Dickson, Mrs. C. B. McLean, Mrs. William P. Snyder and Mrs. Charles E. Dickson, we received magazines, papers and illustrated periodicals. Mrs. H. M. Langworthy contributed Christmas cards.

From Mrs. George H. Clapp, Mrs. C. B. McLean and the Sewickley Valley Hospital bound books for our libraries.

To the Tuesday Musical Club, and the Allegheny Orchestra for concerts. Musical entertainments were also given by Miss Schreiner, Miss Schroder, Mrs. Walker, Mrs. Scott and Miss Evelyn Lauffer, a picture show by Mr. Leslie Jefferson and a play, "The Commuters" by the Sewickley Valley Cot Club.

Mr. William E. Frick and Mr. David A. Reed each gave a Columbia Gramophone. Mrs. Julian B. Howe sent a number of Victrola records.

The E. C. Ludwig Floral Company sent a box of colored Crotons and Mr. W. C. Beckert a large collection of bulbs.

For our Christmas celebration we received three barrels and nine pails of mixed candy and thirteen boxes of oranges, also a beautiful lot of fancy goods for this occasion from Mrs. Finley H. Lloyd, Miss M. L. King and Mrs. Robert Wardrop.

Dr. Thomas M. Barrett sent to the Hospital nine bushels of apples, and from Mr. J. B. Howe a package of men's furnishings. From Mr. Hudson we received twelve Sycamore trees.

Messrs. William and Albert Toerge provided the music so greatly enjoyed upon the occasion of the regular dances.

PATHOLOGICAL REPORT

Dementia Praecox was the mental diagnosis of ten patients on which autopsies were performed. Paresis three, while the remainder were scattered through a number of types of mental disturbances. Sections of organs are taken at all autopsies.

All media for bacteriological work, and all re agents for Wasserman reaction, antigen and ambrocepter have been prepared in the laboratory.

Samples of blood are taken of all new cases, and work is progressing so that we will have a Wasserman on all of the other patients in the next few months. Our aim is to examine the spinal fluid by routine in every case in which the Wasserman reaction has been found positive in the blood serum, as well as in other cases of especial interest or doubtful diagnosis. This examination includes also a cell count, and Noguchi butyric acid test for globulin.

The Swift-Ellis treatments were limited to four. Our inability to obtain the Salvarsan, due to disturbed conditions in Europe, was one factor that was the means of limiting this work.

The Brynes treatment, which is a modification of the Swift-Ellis, but in which Bichloride (Corrosive Sublimate) of Mercury is substituted for Salvarsan, was used in five cases.

One necropsy, which presented many points of interest besides the unusual finding of a large brass key and hook eye above and in the larynx, was reported in a recent issue of the A. M. Journal.

Besides revealing many interesting conditions our post mortem work has been the means of creating a museum of numerous pathological specimens.

Respectfully submitted,

JACOB ROCKMAN, M. D.,

Pathologist.

September 30th, 1915.

LIST OF COUNTIES

Included in the Western Judicial District of Pennsylvania

ARMSTRONG	CAMBRIA	JEFFERSON	WASHINGTON
ALLEGHENY	FAYETTE	LAWRENCE	WESTMORELAND
BEAVER	GREENE	POTTER	
BUTLER	INDIANA	SOMERSET	

ADMISSION OF PATIENTS

1. Preparatory to the admission of a patient, unless when committed by order of a court, the Superintendent shall be furnished with the certificate of two physicians, who have been in practice for five years or more, that they have separately seen and examined the individual within two weeks of the date of admission, and believe him or her to be insane, and these certificates shall be sworn to before some alderman or judicial officer, (the oath before a notary public is illegal) with the order of near relative or friend that the patient may be received into the Hospital, with a statement as required by law, and a bond with satisfactory security, for the payment of board and other expenses while in the institution. All private patients thus received shall make a payment of thirteen weeks' board in advance, when brought to the Hospital, no part of which shall be refunded if taken away uncured, and against the advice and consent of the physician.

2. Whenever a patient is sent to the Hospital by order of the Court, the order or warrant, or a copy thereof, or, if sent by the Directors of Poor, an order sent by the Directors or their agent accompanied by the Certificate of Insanity, as required by law, shall be lodged with the Superintendent of the Hospital.

3. Each patient, before admission, shall be made perfectly clean, and be free from vermin, or any contagious or infectious disease.

4. Each male patient shall be provided with at least three new shirts, a new and substantial coat, vest and pantaloons, three pairs socks, two pairs drawers, two undershirts, a hat or cap, cravat, collars, handkerchiefs, shoes, and one pair of slippers.

5. Each female patient shall have three calico dresses, four chemises, three pairs drawers, three pairs hose, three nightgowns, two flannel skirts, one Balmoral skirt, two muslin skirts, six handkerchiefs, four collars, two pairs shoes, one shawl or cloak, and one hat or hood.

6. It is very desirable that extra and better apparel should be sent with those accustomed to it, that when their health is improved, or when they attend religious worship, walk or ride out, their self-respect may be preserved.

In all cases the patient's best clothing should be sent; it will be carefully preserved and only used when deemed necessary for the purpose above mentioned. Jewelry, and all superfluous articles of dress, knives, etc., should be left at home, as they are liable to be lost, and for which the officers of the Hospital are not responsible.

All clothing, if not taken away at the time of the patient's removal, or within three months afterward, will be disposed of as the officers of the Hospital may think best, and no compensation whatever will be made therefor.

7. A written history of the case should be sent with the patient, and, if possible, some one acquainted with the individual should accompany him or her to the Hospital, and from whom minute, but often essential particulars may be learned. All women patients must be accompanied to the Hospital by some female friend as required by law.

8. The price of board, including washing, mending, and attendance for all who are supported at the public charge, \$4.25 per week. For private patients, or those supported by themselves or their friends the price varies from ten dollars upward, according to the trouble and expense incurred, and according to their ability to pay. Higher prices are paid by special agreement with the physician, for extra attention and accommodation.

Payments are to be made quarterly, in advance.

9. A bond, with satisfactory sureties, will be required for the payment of the board and expenses, for the removal of the patient when discharged, of all persons, excepting those sent at the expense of the counties or townships.

Those who bring friends should be prepared to give a bond, and, if strangers, furnish evidence of their responsibility.

10. All bills remaining unpaid one month after date of presentation are placed in the hands of the Solicitor of the Hospital for collection.

1. As the diet of the patients is under the absolute control of the Superintendent, no nuts, candies, cakes, or other edibles shall be given to the patients, by their friends or visitors, without his express permission.

12. Visitors are admitted to inspect the Institution on Wednesdays and Saturdays between the hours of 10 A. M. and 12 M. and between 2 and 4 P. M.; but no visitor shall be admitted to the wards occupied by patients, without express permission from the Superintendent; and especial care is to be taken that no amount of visiting is permitted that shall prove injurious to the patient. No visitors shall be admitted on holidays or on Sundays.

Visitors will please not intrude on the grounds used by the patients, or give to or receive anything from patients.

13. The Hospital is located eight miles west of Pittsburgh, on the Pittsburgh, Fort Wayne & Chicago Railway, at Dixmont, and can easily be reached by cars, there being many trains (east and west) each day, (except Sunday), stopping at the Hospital Station. The street cars also run within a short distance of the Institution.

14. Applications for the admission of patients, and all communications in regard to the condition, health, bills, etc., of those who are in the Hospital, shall be made to the Superintendent.

15. As Dixmont Station has an Adams Express Office, all goods may be sent to the Hospital direct by express or freight, as may be preferred.

16. The friends of patients can communicate with the Institution by telegraph and telephone.

17. The Superintendent can be seen at the Hospital every week day. Sunday by appointment.

FORMS OF COMMITMENT

The following forms have been prepared by the Committee on Lunacy, to be used in all cases (except those sent by order of Court) for the commitment of insane patients by their friends or by Directors and Overseers of the Poor, to the Dixmont Hospital for the Insane. No such patients will be received unless the forms as given are fully complied with.

Order for the Reception of a Patient

Bond for Private Patients.

KNOW ALL MEN BY THESE PRESENTS, that we-----
of-----in the county of-----and State
of Pennsylvania, are held and firmly bound unto THE DIXMONT HOS-
PITAL FOR THE INSANE, its successors or assigns, in the sum of
One Thousand Dollars, for the payment of which we jointly and sev-
erally bind ourselves, our heirs, executors and administrators, firmly
by these presents: And-----do hereby empower-----
or any attorney of any Court of Record within the United States or
elsewhere to appear for-----and after one or more declarations
filed, to confess judgment or judgments against-----in favor of
the THE DIXMONT HOSPITAL FOR THE INSANE, as of any term
for the above penalty, with costs of said suit, and attorney's commis-
sion for collection, viz.: Five per cent. in case payment has to be en-
forced by process of law; hereby waiving inquisition and condemna-
tion of any property that may be levied upon by virtue of an execu-
tion, which execution may issue forthwith, and on failure to comply
with any of the conditions thereof, and hereby waiving the right of
exemption from levy and sale of any and all property that now is, or
hereafter may be, exempted from levy and sale, under any Act of
Assembly for such purpose, and with release of all errors, etc. And
it is further agreed and provided that execution and alias, and pluries
executions may issue at any time, and from time to time, and as often as
any amount shall be due and owing to the said THE DIXMONT HOS-
PITAL FOR THE INSANE, and that the books of said Hospital shall
be evidence, and a liquidation of the amount to be collected on said
executions.

Witness -----hand and seal-----the-----day of-----in the
year of our Lord One Thousand Nine Hundred and-----

Whereas-----, of-----in the County
-----, and who is insane, has been admitted as a patient in
THE DIXMONT HOSPITAL FOR THE INSANE, at Dixmont, Pa.

Now, therefore, the condition of the obligation is, That if the said
obligators shall pay to the said THE DIXMONT HOSPITAL FOR THE
INSANE, its successors or assigns, the sum of-----Dollars and-----
Cents per week, for the Board of said patient, so long as-----shall
continue in said Hospital, with such extra charges as may be occa-
sioned by-----requiring more than ordinary care and attention,
and shall provide for-----suitable clothing; and pay for all such
necessary articles of clothing as shall be procured for-----by the
said Hospital; and shall remove-----from Hospital whenever re-
quired to do so by the Superintendent, and if the said obligors shall
also pay, not exceeding Fifty Dollars for all damages the said patient
may do to the furniture, or other property of the Hospital, in any one
quarter, and for reasonable charges in case of-----death; and in
case the said patient shall be removed from said Hospital by, or at
the request of us, or either of us, or by any other person or persons,
before expiration of three calendar months after-----reception,
then if the said obligor shall pay the board of said patient for thirteen
weeks, and all other charges on the books of said Hospital, all pay-
ments for board and clothing to be made in advance, quarterly, on the
fifteenth day of March, June, September and December in each year,
and at the time of removal, with interest on each bill from and after
the time it becomes due—then this obligation to be void, otherwise to
remain in full force and virtue.

Signed, sealed and delivered in the presence of us.

BY-LAWS

Article I.

MEMBERSHIP.

Section 1. In addition to the incorporators and all individuals who prior to July 27th, 1907, contributed to the Western Pennsylvania Hospital the sum of not less than \$1,000.00, persons may be admitted to membership in this Corporation upon the following terms:

1st. Individuals who contribute hereafter to this Corporation at any one time the sum of not less than \$1,000.00 may be elected to life membership.

2nd. Any individual a resident of the State of Pennsylvania may be elected to membership.

MEETINGS.

Section 2. The annual meeting of this Corporation for the election of Directors and the transaction of any other business shall be held at two o'clock in the afternoon of the second Wednesday of December of each year, at such convenient place as may from time to time be designated by the Board of Directors.

Each member of this Corporation shall be entitled to one vote at all meetings.

Ten members of this Corporation shall constitute a quorum.

Notice of the time and place of meeting shall be given by the Secretary by publication in a newspaper published in the City of Pittsburgh upon three Mondays immediately preceding said meeting, and a copy of such notice mailed to each member of the Corporation whose address is known to the Secretary. At such meeting a report of the affairs of the Corporation shall be presented by the President, together with such annual reports as shall have been made to the Board of Directors.

Section 3. Special meetings shall be held upon the call of the President, and it shall be the duty of the President to call special meetings whenever in his discretion he may deem it necessary and also whenever requested to do so by the Board of Directors or by not less than ten members of the Corporation.

Notice of such special meetings shall be given to the members by advertisement and by mail at least ten days prior to the meeting as aforesaid, which notice shall state the business to be considered.

In case of refusal by the President to call a meeting as aforesaid, a majority of the Board of Directors may issue the call.

ELECTIONS.

Section 4. All elections shall be by ballot, and each member shall be entitled to one vote, either in person or by proxy, providing the proxy be given not more than sixty days prior to the date of said meeting. Elections for membership in this Corporation may be held at any regular annual meeting of the members, or at any regular meeting of the Board of Directors, and a majority of those present shall be necessary to elect. At all elections for Directors the polls shall be open at least one-half hour.

Article II.

DIRECTORS.

Section 1. The active control and management of all the affairs and property belonging to the Corporation shall vest in a Board of Directors composed of fifteen members, of whom five shall be elected annually from the members to serve for a term of three years, or until their successors are elected (provided that at the first annual meeting fifteen Directors shall be elected, of whom five shall serve one year, five shall serve two years and five shall serve three years next ensuing).

The said Board of Directors shall fix the compensation of all officers, and generally have and exercise all powers and authority pertaining to this Corporation by and under the laws of the State affected only by such conditions and restrictions as are contained in the By-Laws and the Acts of Assembly affecting this Corporation.

MEETINGS OF THE BOARD.

Section 2. A meeting of the Board of Directors shall be held on the second Wednesday of March, June, September and December at such place as the Board may from time to time designate. Special meetings of the Board may be called by order of the President upon not less than three days' notice mailed to each member and shall be called with like notice mailed to each member upon the written request of three members of the Board. Five members of the Board of Directors shall constitute a quorum.

VACANCIES.

Section 3. Vacancies in the Board of Directors or any office of the Corporation may be filled by the Board.

ELECTION OF OFFICERS.

Section 4. The officers of the Board of Directors shall consist of a President, Vice President, Treasurer and Secretary, who shall be elected annually at a meeting of the Board of Directors first held after the annual meeting of the members, and they shall serve until the election of their successors. The President and Vice President shall be elected from members of the Board of Directors.

EXECUTIVE COMMITTEE.

Section 5. The President shall at the organization of the Board each year appoint from among the Directors five members who, with the officers of the Corporation, shall constitute an Executive Committee, and shall serve until their successors are chosen. The Vice President of the Corporation shall be Chairman of the Committee.

The Executive Committee shall have general charge of the current affairs of the Hospital, and shall have all power of the Board of Directors (not inconsistent with the Charter of this Corporation and laws of Pennsylvania or these By-Laws) in the conduct of the current affairs of this Corporation.

This Committee shall, however, be subject to the authority of the Board of Directors in any case where the Board may so

elect to act, and shall not have the power to authorize any extraordinary expenditures or to contract any unusual or extraordinary liabilities without the approval of the Board of Directors.

The Executive Committee shall meet at least once each month, and shall make such rules and regulations as it may deem proper for its own guidance and the conduct of the affairs of the Hospital; subject, however, to change at the discretion of the Board of Directors. Three members shall constitute a quorum. This Committee shall report at each regular meeting of the Board of Directors as to the operation of the Hospital.

FINANCE COMMITTEE.

Section 6. The President shall at the organization of the Board each year appoint from among the Directors three members who, with the officers of the Corporation, shall constitute a Finance Committee and shall serve until their successors are chosen.

The Finance Committee shall have charge of investments of all permanent funds of the Corporation, and in general the care and direction of all financial matters and accounts. It shall see that all investments are made in the name of the Corporation, and that no change be made in the investments of the Corporation without its consent and authority.

The President of the Corporation shall be Chairman of the Finance Committee and the said Committee shall meet from time to time upon the call of the Chairman.

Article III.

DUTIES OF THE PRESIDENT.

Section 1. The President shall preside at all meetings of the Board of Directors and of the Corporation. He shall have general supervision of the affairs of the Corporation. He shall be ex-officio a member of all committees.

VICE PRESIDENT.

Section 2. The Vice President shall perform the duties of the President in the absence of or inability of the latter to act from any cause, and be Chairman of the Executive Committee.

SECRETARY.

Section 3. The office of Secretary may be held by either a member of the Board of Directors or by a proper person duly elected by said Board. The Secretary shall keep the minutes of all proceedings of the Board of Directors, Executive and Finance Committees, record same in a book provided for that purpose; notify officers of their election, all committees of their appointment or election, call all meetings of the Board and committees as instructed. He shall also have custody of the corporate seal of the Corporation, also of all title deeds and such other documents as relate to any real estate belonging to the Corporation not otherwise provided for, and shall further perform all the duties ordinarily pertaining to the office of Secretary and as the Board of Directors may require, and may receive such compensation as the Board of Directors may provide.

TREASURER.

Section 4. The office of Treasurer may be held by either a member of the Board of Directors or by a proper person duly elected by said Board. The Treasurer shall have custody of all securities, funds and moneys belonging to the Corporation. He shall collect all moneys, interest and dividends upon invested funds, and rents due the Corporation. He shall deposit same in the name of the Corporation in one or more of the banks or trust companies in the City of Pittsburgh as directed by the Board of Directors. He shall pay no money other than by check, duly approved by two members of the Executive Committee. He shall keep full and complete accounts of all receipts and expenditures, which accounts shall at any time be open to the inspection of any members of the Board of Directors. He shall each year prepare and submit to the Board of Directors at their December meeting a full and complete report or statement of all moneys received and expended, and of the existing condition of all funds and assets of the Corporation for the fiscal year ending September 30th, and further make such reports from time to time as requested by the Board of Directors, or by an accountant selected by said Board once each year, and at other times as required. He shall give such

bond or security for faithful performance of his duty in such amounts as may be required by the Board of Directors, and may receive such compensation as the Board of Directors may provide.

Article IV.

RULES OF ORDER.

Section 1. (A) At the hour appointed for the meeting of the Board of Directors, the chair shall be taken by the President.

(B) The roll shall then be called, and the attending members noted, provided that in case of no quorum those present may adjourn to some other date, and in that case notices shall be sent to each member of the Board, stating time of such adjourned meeting.

(C) The minutes of the preceding meeting shall be read and considered as approved if there is no motion to amend.

(D) Communications to the Board shall be received and considered.

(E) Reports of the officers and committees shall be presented and order taken therefrom.

(F) Any unfinished business, after which any new business may be presented.

Article V.

THE SEAL.

Section 1. The Seal, of which an impression is hereto affixed, shall be the Common Seal of the Corporation.

Article VI.

Section 1. These By-Laws may be amended, added to or repealed at any meeting of the Board of Directors by a two-thirds vote of the members present, provided that notice of such amendment, addition or repeal shall have been given by notice mailed to the members of the Board at least ten days prior to the date of meeting.
